Help Manannan find...

THE BUGGANE

About the Buggane

The Buggane is a big, hairy creature who has escaped into South Barrule! Keep your eyes open as Bugganes like to live in old ruins, waterfalls and forests, where they can stay hidden. The Buggane may be big with a loud roar but I promise he's not scary! So be brave my warriors and I know you will help me on this quest!

FROM MANANNAN

The Buggane Trail has 10 signs that will lead you through the forest to find the creature at the end.
